INVESTMENT STRATEGY

AT DIGHTMAN CAPITAL GROUP, OUR INVESTMENT STRATEGY IS BUILT UPON SOUND INVESTING PRINCIPLES:

- We emphasize a top-down focus on the macro environment
- We use a flexible approach to market cycle dynamics
- We invest in the same strategies we manage for our clients
- We leverage the inherent size advantage individual investors possess
- We deploy independent thinking and unique research
- We leverage global investment opportunities
- We prefer the lower cost, tax efficiency & diversification of ETFs

We publish actual performance based on the Global Investment Performance Standards (GIPS®). Please contact us if you would like to receive a list of composite descriptions and/or a presentation that complies with the GIPS standards.

Investors are weary of basic investment plans that haven't changed with the current economy and want investment managers who will approach the process in a different, yet disciplined manner. How about you?

FINANCIAL PLANNING

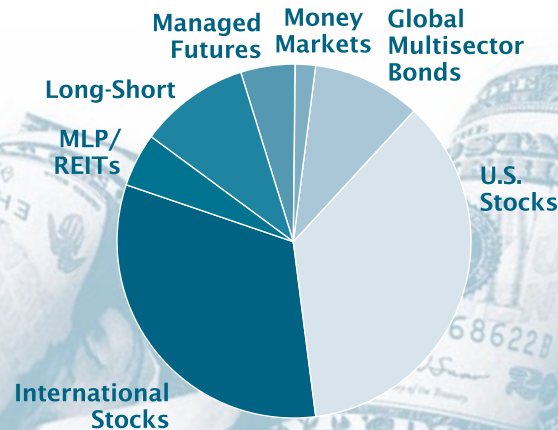

FINANCIAL PLANNING AT DIGHTMAN CAPITAL GROUP MEANS:

- Helping investors establish and meet investment and planning goals throughout their lifetime
- Delivering flexible solutions for retirement, college planning, budgeting and both known and unknown contingencies in life
- Staying informed and educating investors about new planning strategies
- Leveraging outside experts when necessary

Setting and meeting realistic financial goals, monitoring progress and living a financially responsible life can go a long way toward achieving financial independence.

OUR SERVICE

AT DIGHTMAN CAPITAL GROUP, OUR APPROACH TO SERVICE DEMONSTRATES:

- You receive relevant and timely communications
- You will find transparency in our business
- You let us make the investment decisions, you focus on the results
- You can easily make changes to your strategies and services
- You maintain control of your investments

Our approach emphasizes a streamlined and effective service so you have more time for your other priorities. Research indicates that investors are unhappy with the financial services industry. Yet many stay with existing firms for lack of innovative options. You owe it to yourself to consider Dightman Capital and partner with an investment management company that stays ahead by investing with you.
